Very good pace of your speech and I really like your voice.	If you could stand up and use more body languages, it would better.	
Enjoyed the addition of quotes, rounded off the speech nicely and made it feel more engaging.		
The pace - not too fast or too slow. The topic was interesting and the stats given really thought provoking. Thanks		Mark
I loved the underlying message of learning and time

Great speech. Well done.	Practice make you perfect	Joanne
Great pace, very clear, topic well introduced.	Be mindful of your background. Also what is the call to action for the audience? To follow you? Why? What is the value proposition for the audience.	Martha
It was a clear message and clearly communicated	Perhaps try to vary intonation more to show more enthusiasm, I could see that this is something you really care about so some more enthusiasm would have helped to make it more engaging	
Great story of your journey, well structured, beginning middle and end. you came across very natural and relaxed	you used a lot of filler words, and felt you more vocal variety to match the emotions of your speech would improve the impact	Rob
