brilliant! Loved the use of the props. Very lively and engaging	I'm sorry I can't think of anything - loved it	
I like the props you brought, brilliant story		Joanne
The way you opened up and the amount of props brought up was brilliant.	It seemed like you have lost track here and there but overall very enjoyable. Watch out when using my or I, the audience likes to hear more your or you.	Marie
I love the creative vocal variety and role playing input to your speech with the props	you need to practice your speech more before delivery to help reflect your structure and content	Lauren

Was very expressive, had comedic elements which made the speech more engaging and you share more empathy towards the speaker and how the view themselves as a leader	In some parts seemed nervous	
I do like your new style of speech! well done, Jack	If you could stand up to deliver the speech, it would be greater	Alice
the passion for helping people grow and live fulfilling life	None	Tom
Great gestures, vocal variety, role playing, you gave us soo much to enjoy in this speech, great job	i only noticed that you seem to forget or mix up a few words, but it didn't affect to great impact of the speech.	Rob
Absolutely loved this! so funny with the role play and very inspirational, great use of vocal variety, great ending	It got more serious later on, I would have loved it if kept some more of that funny, fast paced tempo/style or that the contrast wasn't so big. I suppose I think you could have taken up a little bit more space for "yourself" in the middle section as it was great to get to know you better and it had a great energy and was so funny. This is just a minor thing, overall, amazing speech!	Anne
It was totally captivating and informative. It gave life and interest to a boring topic	Slow down sometimes not to jumble some words but this was not happening often. It was a really great presentation overall 9/10
