I thought it was a powerful speech, you delivered a very clear and passionate key message	it seemed like you were reading off of the screen as your eyes followed the words and i could hearing the tapping of the key.

I really liked the intro, that you stated something, then did “ladies and gentlemen” (or something similar), also liked the contact with the audience	Perhaps try to vary the intonation and pace a bit more :)	Anne
I loved the final sentence. That was mind blowing!	Tonality and vocal variety.	Marie
Well prepared and well structured speech. You did it in 2 days preparation	I could not see your eyes due to the reflection of your specs. Allow more vocal variety as a powerful tool in your speech	
You have a great command of adjectives, lots of colourful words which i always enjoy	More vocal variety more gestures as the the camera was to high so could not see your hands	Rob
